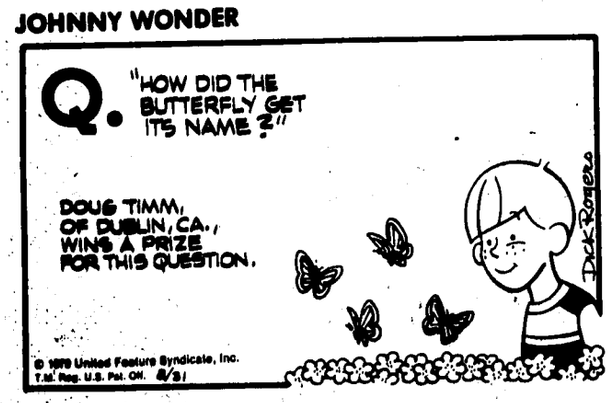
JOHNNY WONDER



A. No one knows for sure how the butterfly got its name. But there are many popular ideas. One is that the butterfly's name came from "flutterby," so-called because of its fluttering flight. Some people believe that the insect is so named because many butterflies have the color of butter. Yet another idea is that the name evolved from an old belief that butterflies stole milk and butter. The scientific name for the butterfly family is "Lepidoptera." This name comes from Greek words meaning "scaly wings." The wings of butterflies are covered with dust-like scales.

You can win a *World Almanac* if your question is selected. Send your name and age to JOHNNY WONDER, c/o this newspaper, P.O. Box 1336, (DA) Santa Cruz, CA 95061.
